

MONTAGUE CIVIC CENTER COMMISSION MEMBERS WANTED

The Board of Selectmen is soliciting letters of interest and resumes from individuals interested in serving on the Montague Civic Center Commission. This Commission is currently tasked with the oversight of the Shea Theater lease and capital improvements to the Theater facility. If the Board of Selectmen determines that a Request for Proposals (RFP) must be issued for the future operation of the Theater, the Civic Center Commission will also be charged with the task of preparing and advertising the RFP, evaluating responses to it and making recommendations to the Board of Selectmen regarding the preferred vendor. During the RFP process, the Civic Center Commission will work collaboratively with a diverse representation of the cultural community and strive to encourage the development of a comprehensive and balanced program of cultural offerings at the Shea Theater that represents the interests of the broader community.
