NOTICE OF PUBLIC COMMENT HEARING

**D.P.U. 16-03 Petition of Tennessee Gas Pipeline Company, L.L.C.
before the Department of Public Utilities pursuant to
G.L. c. 164, §§ 72A, 75B and 75D for Authority to Perform
Surveys on Certain Private Properties**

Notice is hereby given that Tennessee Gas Pipeline Company, L.L.C. ("Company") has filed a petition ("Petition") with the Department of Public Utilities ("Department") requesting that the Department grant the Company the authority to enter upon land owned by four hundred eight (408) private landowners (the landowners and property addresses are identified hereinafter as "Survey Properties"), who have not previously granted access to the Company to conduct surveys on their land for the purpose of performing the following surveys: civil, archeological and cultural resources; wetlands and water body delineation; and endangered or rare species ("Surveys"). The Petition has been docketed as D.P.U. 16-03. The Department will review the Petition to determine whether the requested surveys should be granted.

The Survey Properties are located in Massachusetts within two hundred feet from either side of the centerline of the proposed route for the Northeast Energy Direct Project (the "Project"). The Project is currently pending before the Federal Energy Regulatory Commission ("FERC") (Tennessee Gas Pipeline Company, L.L.C., FERC Docket No. CP16-21-000). As set forth in more detail in the Petition, the Company maintains that the surveys are needed to gather information required for FERC's environmental review of the Project.

The Department will conduct six public comment hearings to receive public comments on the Company's Petition, as follows:

* The Department will conduct these public comment hearings jointly for three closely related survey petitions filed by the Company: D.P.U. 16-01, D.P.U. 16-02, and D.P.U. 16-03.

The Company has been directed to serve this Notice, and a copy of the Petition and property sketches for your property (but not the property sketches for the other properties in the Petition). A copy of the Company's Petition, and a complete set of exhibits is available on the Department's Website <http://web1.env.state.ma.us/DPU/FileRoom#> (Please be sure to use one of the recommended browsers). Click on "Dockets/Filings." Select "Docket by Number." Enter docket number "16-03." The Company's Petition is also available in hard-copy format for public inspection at the offices of the Department, One South Station, Boston, Massachusetts. A copy will also be available for public viewing at the public libraries of each city or town where the Survey Properties are located no later than February 15, 2016. You may also obtain a complete copy of the Petition (with all exhibits and property sketch documents) by contacting the Company's attorney (see contact information below).

Any person who desires to submit written comments on the Company's Petition may do so by filing an original and two copies of such comments with Mark D. Marini, Secretary, Department of Public Utilities, One South Station, 5th Floor, Boston, MA 02110. An electronic copy of all comments should also be sent by email to each of the following: (1) the Company's attorney, James L. Messenger, Esq. at jmessenger@gordonrees.com; (2) the Department at dpu.efiling@state.ma.us; and (3) the Department's Hearing Officer in this

petition will be at Carnegie Library for viewing

proceeding, Stephen August, at stephen.august@state.ma.us. Written comments should be submitted no later than May 6, 2016.

Oral comments presented at the hearing and written comments submitted are given equal weight by the Department in its review of the Petition. Written comments should specify the property location, identify any concerns about the survey, and request any relevant conditions to be placed on the pipeline company to protect property and/or to ensure the opportunity for the landowner to be present during the survey. Commenters should not submit petitions to intervene or petitions for limited participant status because the Department will not be conducting adjudicatory proceedings in this case, but will instead be issuing its Order based on the oral and written comments received from affected landowners and the general public and responses from the Company to any written questions posed by the Department.

Any person who wishes to communicate directly with the Company should contact Attorney James L. Messenger, Gordon & Rees, LLP, 745 Atlantic Avenue, 4th Floor, Boston, MA 02111; email address: jmessenger@gordonrees.com; and phone: (617) 902-0098.
