COVID-19 Updates and Action Items

- **Review of any Updated State Guidance or Orders**
 - The Governor's Office has made a statement that testing will be instituted more due to large gatherings.
 - Information can be obtained from the Massachusetts Public Health website.
 - Links to all of the sites have been posted on the Town of Montague's Facebook page. One of those sites is Franklin Medical Center in Greenfield. Appointments are required.
 - Audley states that the pop-up testing specifically for people who have attended large gatherings will take place on June 17 and June 18 at Baystate Franklin. Appointments are required. A referral from a doctor is not necessary for these two days.
 - Audley states that anyone who wants to get tested without having a doctor's referral can make an appointment to go the Community Health Center of Franklin County in Orange on any Friday.
- **Receive Update on first week of outdoor café dining service**
 - Ellis reports that several requests were approved for the outdoor license amendments last week, but there have been no additional requests since then.
 - Wasiuk was engaged with a number of vendors. He states it is a challenge for many to get up to speed due to the constraints with labor. Many locations still have abbreviated hours. Those who will be implementing outdoor seating have fulfilled most of the parameters and are still working on a few.
 - Regarding indoor seating, Wasiuk sees an 80% compliance at this point due to the challenges that these restaurants are facing with staffing and space constraints.
 - Wasiuk commends everyone for doing their part.
- **Review Town Reopening Plan**
 - Ellis reviews the Plan for Re-Opening of Montague Town Hall and other facilities, including State Mandatory Safety Standards, Schedule for Re-Opening, Managed Public Entry, Staffing of our Operations, Town Hall: Public Entry/Cleaning Protocol, Other Requirements, and Additional Considerations.

Discussion not necessary as this topic was covered at the Town Meeting.

Discussion of Black Lives Matter Rallies

- A very successful Black Lives Matter Rally was held in downtown Turners Falls yesterday.
- Chief Williams reports that there were absolutely no issues and thanks the organizers for being so professional.
- Questions are asked regarding why the two major bridges to Turners were blocked. Chief Williams explains the need to keep the public safe.
- Ellis explains that there was a lot of uncertainty because the event was unplanned and unpermitted. The only concern was making sure that it was a smooth event that allowed people an opportunity to safely express their viewpoints.
- Elliot Ezcurra wonders if there is a way to undergo a permitting process for these kinds of events without necessitating police presence.
- Kuklewicz explains that our bylaws require any large gathering to have a permit. Police presence is required when roads need to be controlled.
- Audley states she wished the Selectboard had attended the rally. Kuklewicz responds that he chose not to go as he felt that it may be detrimental to have a Town official to be there.
- Audley asks the members if they have read the letter that was taped on the Town Hall door (the same letter that they received at Town Meeting). Kuklewicz responds that he has not had a chance to read it.
- Ashley Arthur wonders if it would be possible in the future for people who do not want police presence to hire private security. She also wonders why shutting down streets was necessary as opposed to having the police re-route traffic.
- Chief Williams states that we have a Town bylaw that says only police officers and firefighters are allowed to shut down roads and direct traffic.
